

**BROWN MAMORATED STINK BUG (BMSB)
IMPORTS TO AUSTRALIA AND NEW ZEALAND – BIOSECURITY
TREATMENT PRE-REQUISITES 2020-21**

Announcement Published 7/15/2020

Please see the below from MSC regarding Fumigation requirements for Brown Mamorated Stink Bugs.

MSC Mediterranean Shipping Company S.A. wishes to remind its clients to be aware of the Import Biosecurity Requirements related to the prevention of BMSB infestation into Australia or New Zealand as specified by the respective Government Authority in each country.

In the case of Australia these requirements apply to affected cargoes shipped from origin during the period 1st September 2020 and will be effective for cargo arriving into Australian ports up to and including 31st May 2021.

In the case of New Zealand these requirements apply to affected cargoes shipped from origin during the period 1st September 2020 and will be effective for cargo arriving into New Zealand ports up to and including 30th April 2021.

Up-to-date information on this matter is available from the following Government web links in each country.

AUSTRALIA

<https://www.agriculture.gov.au/import/before/brown-marmorated-stink-bugs>

NEW ZEALAND

<https://www.biosecurity.govt.nz/importing/vehicles-and-machinery/requirement-documents-for-importing-vehicles-machinery-or-parts/brown-marmorated-stink-bug-requirements>

The above links provide specific information including Fact

Sheets, Target Risk Countries and Target Risk Goods plus much more.

Clients are strongly urged to liaise with their suppliers and seek up to date guidance from their Licenced Customs Broker or the relevant Government body as the guidelines evolve over time and are always subject to change.

If you have any questions please feel free to reach out to your SEACORP representative or repond to this message.
