

H.S. CODE REMINDER

08/12/2020

Dear Valued Customers,

Please note that it is required that H.S. Codes be provided for Export Shipments to certain areas and it is best practice to provide on all shipments.

SEACORP also provides Country Requirements on each quote and booking issued for Exports as a reminder for common port of entry requirements.

The steamship lines are rolling cargo and applying roll fees and demurrage for freight in-gated or applying late documentation fees for bookings that do not provide an H.S. Code by the documentation cut off. Please see the below information specifically from Maersk Companies for more information.

For your shipments which are transshipped via Germany – Bremerhaven/Hamburg/Wilhelmshaven, HS code would be required.

For United Arab Emirates 8 digit HS code is required.

LIST OF COUNTRIES WHERE HS CODES ARE REQUIRED:

Malaysia

Japan

Germany

Indonesia

Ukraine

Philippines
Turkey
Israel
Hungary
Tanzania
United Kingdom
Czech Republic
Finland
Spain
Kenya
Brazil
Uruguay
Portugal
Lithuania
Brazil
Slovakia
Jamaica

Thank you for your continued support!
